## Sale Contract / Health Guarantee

We at Blue Yonder Kennel aim for excellence in the selection, breeding and care of all our dogs. We have done everything that we can through selective breeding to produce sound, quality puppies and to deliver that puppy to you in a healthy and robust condition, that will give you years of joy and companionship. We have observed these fine health, well-being and superior reproduction results obtained by good nutritional practices as well as clean, disease free grounds. You, the new owner, are reaping the benefits of our endeavors and hard work.

We have made every effort to provide you with a healthy puppy. This puppy is guaranteed to be in good health at the time of delivery. We guarantee this puppy is purebred and registrable with AKC. We also guarantee that all vaccinations and de-wormings have been given as stated in your puppy's packet.

**For the protection of the purchaser, and we, the breeder, and for this health guarantee to become effective, we, at Blue Yonder Kennel, request that you take your new puppy to be examined by a licensed veterinarian within 3 days of taking possession **AND** that a copy of the health certificate or exam results be forwarded to us. If the buyer does not take said puppy to a licensed veterinarian within the stated 3 days from the date of possession, **AND** forward certificate or exam findings to us, this warranty becomes null and void!**

Your puppy is guaranteed for one (1) year from the date of birth against life threatening congenital defects making him/her unsuitable as a pet. If said puppy is found to have a life threatening hereditary congenital defect or any major health problem at this exam, a replacement puppy only, of equal value, will be given, provided that the seller is notified within 24 hours of the exam **AND** said puppy is returned to us at the buyer's expense. However, we may not have a puppy available at the time and you may need to wait until a future litter is available. This puppy **MUST** be returned

to us, the breeder, along with the AKC registration papers, all original documents and health records, within 5 days, at no expense to the breeder, with a signed document from two (2) non-associated licensed veterinarians stating the defect or problem. We, the breeder, are not responsible for any veterinarian bills acquired by you, the buyer. However, if you do choose to keep said puppy and wish to purchase from a future litter, you will be allowed to purchase a puppy from any future litter within one (1) year at 1/2 price of that current litter's pricing. Please inform us of your choice as **we do not refund money.**

Some disorders may be caused by environmental factors, therefore infectious diseases are **NOT** covered by our health guarantee, as we have NO control over what puppy is exposed to after it leaves our home. Some examples include parvo, kennel cough, cancer, mange, allergies, etc. This guarantee also does NOT include injuries of any kind, fleas, mites, or any other intestinal worms / parasites, as they are common in dogs and puppies and are easily picked up. This guarantee does not include off bites, undescended testicles, heart murmurs or hernias. We also cannot guarantee that your puppy will never develop any health problems, just like your child's pediatrician cannot guarantee that your child will never develop any health issues in the future. Our dogs are not exposed to infectious diseases, therefore we are free of diseases and health issues. NO GUARANTEE can be made as to ability to breed and/or reproduce, size at maturity, conformation, coat quality, temperament or adaptability.

**IF AT ANY TIME during said puppy's life you are no longer able to keep him / her, it is YOUR duty to inform us and RETURN said puppy / dog to us, the original breeder, at no expense to Blue Yonder Kennel, with all AKC registration papers, health records, etc.**

Once again, your puppy is guaranteed for one (1) year from the date of birth against life threatening congenital defects making him / her unsuitable as a pet. IF within that time a life threatening congenital defect (NOT to include parvo, distemper, heart worms or any nutritional related disease), is attested to by two (2) non-associated veterinarians and the reason is congenital, the breeder will replace the puppy with another puppy of same quality, IF our veterinarian agrees with the required written reports, from the two (2) non-associated veterinarians. The breeder MUST be notified at the onset of the problem and the written reports with diagnosis MUST be supplied to the breeder **within 7 days** from the two

non-associated veterinarians. The replacement will be subject to availability and only after affected puppy is returned to us, at NO expense to us the breeder. However, if you do choose to keep said puppy, and wish to purchase from a future litter, you will be allowed to purchase a puppy from any future litter within one (1) year at 1/2 price of that current litter's pricing. Please inform us of your choice as we do NOT refund money. We, the breeder, are not responsible for any veterinarian bills acquired by you, the buyer. We will not be responsible for illness or any health problems, which are diagnosed after these time periods.

This contract is valid only for the original buyer that purchased the puppy from us, the original breeder, at Blue Yonder Kennel. If the puppy is transferred to another owner, this contract becomes null and void. However it is YOUR duty to return puppy / dog back to us at anytime he / she is unable to be kept, so that we may place into the proper home. This contract becomes null and void if ANY of these terms and conditions, as stated, are not fulfilled.

We hope you enjoy your new family member! We always appreciate and enjoy updates and pictures of how "our" babies are doing in their new homes. For any questions during your puppy's life, we are here to help.
